ALEXANDRIA:

1, RUE DU TELEGRAPHE ANGLAIS

MARCONI RADIO TELEGRAPH COMPANY OF EGYPT SAE.

ASSOCIATED WITH THE

EASTERN TELEGRAPH COMPANY LIMITED

COMMERCIAL REGISTER : No. 10110, CAIRO

TELEGRAMS

For Transmission to all parts of the World are accepted at the Company's Offices in Cairo, Alexandria, Port Said and Suez. Telegrams may also be handed in at the Offices of the Egyptian State Telegraphs and Telephones and should be routed "Via Eastern" for the cable route or "Via Marconi" for the Wireless route.

PICTURES

Can now be transmitted at reduced rates to Great Britain and the United States of America (minimum charge L.E. 4.875 m/ms for 150 square centimetres). Apply to the Companies' Offices at Radio House, Sharia Eloui, Cairo.

RADIO-TELEPHONE SERVICES

Are operated in conjunction with the Egyptian State Telegraph and Telephones Administration direct to Great Britain, U.S.A., France, Italy, Greece and Switzerland. (Rates are P.T. 97 1/2 per minute with a minimum of three minutes). Calls for other Countries may be effected at slightly increased rates and service is also available to certain ships at sea at a rate of L.E. 1.463 m/ms per minute with a minimum of three minutes. For further particulars ring up "Trunks" (dial "10") and ask for "Radio Service".

Before insurance was known

Toiling slaves hewed and wrought by hand ... life was cheap ... and the idea of Insurance would have been beyond understanding.

To-day ... with effective tools in the hands of skilled workmen ... all well protected by Insurance ... craftsmen perform near-miracles in comparison with the labours of ancient builders.

The "General Accident" is closely linked to accelerated progress coming through the ages.

NICOLAS G. DIAB • SAAD EL LABBANE • YUSEF FARES

The accent is on beauty in the completely new 1949 Nash cars, from their fully-enclosed front wheels to gracefully tapered back. Long, low and roomy, they offer new concepts of styling, comfort, performance and safety.

★

Internationally acclaimed

← The New Jaguar range comprises the Mark V Saloon and Drophead Coupe, both available on 2½ and 3½ litre chassis; and the XK Type Super Sports with 2 or 3½ litre twin overhead camshaft engine. 20 new and important features of the mark V series include:- independent front suspension, fully hydraulic two-leading shoe Girling brakes, new Burman re-circulating ball-type steering, increased visibility, increased interior dimensions, new frame and new transmission system.

Many innovations are incorporated in the Standard Vanguard. The body is wide and compact and will seat five or six people. It has devan-type front seat to take three people in comfort. Driving comfort and ease of control are two features which have received considerable thought. The engine is 2 litres (18 H.P.) and gives a high performance, achieved by a favourable power to weight ratio.
